5-C PREA REPORT-March of 2017

The Five County Detention & Youth Rehabilitation Center (5-C) fully supports the Prison Rape Elimination Act of 2003 (PREA). The 5-C Center has trained staff and residents on prohibited contact and inappropriate relationships to prevent the problem of sexual abuse.

The 5-C Detention and Youth Rehabilitation Center is proud to work with statewide Juvenile Justice Administrators, and training coordinators in compliance with PREA Juvenile Standards. 5-C has had a low occurrence of sexual abuse, with no substantiated incidents within the facility in the last several years. 5-C realizes the importance of continued efforts to prevent sexual abuse. 5-C has a strong zero tolerance policy to sexual abuse and sexual harassment within the Center. We continue to foster a safe and secure environment for the youth and staff.

5-C maintains excellent partnerships with Fremont County Law Enforcement Officers (Investigation), Prosecution, and local Family Crisis Center in ensuring prevention, detection, abuse reporting, and investigation is completed. 5-C continues to review policies, procedures, physical plant characteristics, staffing, shifts, personnel assignments and supervision. In the last couple year's 5-C has added additional surveillance equipment to further enhance supervision within the Center. High supervision combined with highly trained staff, and PREA Education is main tools used to prevent sexual abuse/sexual harassment, physical abuse, bullying, other incidents at the Center.

This year (2017) 5-C will be audited by a Department of Justice Certified PREA Auditor. This will be the facility's 2nd Audit in accordance with PREA Standards. 5-C continues to provide excellent prevention training to both staff and juveniles on PREA Standards and the Center's Zero Tolerance Policy Toward Sexual Abuse and Sexual Harassment.

Respectfully,

Nicky Chavez, 5-C Director
